Story Number	Description	Rationale	Risk Level	Story Points	Notes
US 01.01.01	As a rider, I want to request rides between two locations.	Because this is the point of the app/I don't want to use a taxi	2 - high	7	Info is on next page
US 04.01.01	As a driver, I want to browse and search for open requests by geo-location.	Because I want to accept a request close to me	2 - high	7	
US 01.06.01	As a rider, I want an estimate of a fair fare to offer to drivers and I should be able to offer more.	Because I want to know how much money I will have to spend, and I would like to offer more money for better service	2 - high	6	
US 05.01.01	As a driver, I want to accept a request I agree with and accept that offered payment upon completion.	Because I want to make money while balancing my needs	2 - high	7	
US 07.01.01	As a rider, I want to specify a start and end geo locations on a map for a request.	Because this makes it easy to view where I am and where I want to go	2 - high	8	
US 07.02.01	As a driver, I want to view start and end geo locations on a map for a request.	Because this makes it easy to view where I am and where I want to go	2 - high	8	
US 01.02.01	As a rider, I want to see current request I have open.	Because I want to know it's status, where the driver is, and when he is coming	2 - high	5	
US 01.03.01	As a rider, I want to be notified if my request is accepted.	Because I need to know easily when my request is accepted outside of the app. I may be busy doing other things	2 - high	4	
US 05.03.01	As a driver, I want to be notified if my ride offer was accepted.	Because I need to know easily when my offer is accepted outside of the app. I may be busy doing other things	2 - high	4	
US 01.04.01	As a rider, I want to cancel requests.	Because I should have the option to change my mind	2 - high	4	
US 01.08.01	As a rider, I want to cancel a ride before the rider picks me up. - This should be fairly easy once US 01.04.01 is completed	Because I don't want a ride anymore	2 - high	1	
US 03.01.01	As a user, I want a profile with a unique username and my contact information.	Because I want to keep track of my rides	2 - high	5	
US 08.01.01	As a rider I wish to generate a QR-Bucks QR Code for my driver to scan to pay them.	Because this is an easy way for me to pay my driver (not actually though)	2 - high	6	
US 08.02.01	As a driver I want to scan my rider's QR-Bucks to get paid!	Because it is convenient to get paid through QR-Bucks	2 - high	6	
US 02.01.01	As a rider or driver, I want to see the status of a request that I am involved in	Because I want to make sure the request is still active	1 - medium	5	
US 05.02.01	As a driver, I want to view the current active request.	Because I need to be able to see the information for the current ride in order to fulfill it	1 - medium	4	
US 01.07.01	As a rider, I want to confirm the completion of a request and enable payment.	Because I need to know if a ride is on the way and how much it costs	1 - medium	5	
US 06.01.01	As a driver, I want to see requests that I already accepted while offline.	Because this does not disrupt my experience	1 - medium	5	
US 06.02.01	As a rider, I want to see the current request, even if I am offline. - This shouldn't be too difficult once US 01.02.01 is done	Because this does not disrupt my experience	1 - medium	3	
US 03.02.01	As a user, I want to edit the contact information in my profile.	Because I want to be able to update my information if something changes	1 - medium	5	
US 09.01.01	As a user, I want to be able to create an account when I first open the app	Because I want to have a persistent profile on the app	1 - medium	4	
US 09.02.01	As a user, I want to be able to log in if I have an account already	Because I don't want to make a new account every time I install the app	1 - medium	4	
US 01.10.01	As a rider, I want to see the driver's profile and ratings.	Because as a Rider I want the best service quality	0 - low	4	
US 01.05.01	As a rider, I want to be able to phone or email the driver who accepted a request.	Because I would like to be able to let the driver know about special requests	0 - low	3	
US 01.11.01	As a rider, I want to rate a driver for his/her service thumbs up or thumbs down.	Because this helps maintain the quality of service	0 - low	2	
US 03.03.01	As a user, I want to, when a username is presented for a thing, retrieve and show its contact information.	Because I want to be able to view information about a user	0 - low	5	
US 09.03.01	As a user, I want the app to remain logged in when I close it		0 - low	4	
			Total Story Points	131	

Notes

Rationale is why the given user story is important to the user

Risk level is the importance of the given user story to the overall functionality of the app

Story points are on a linear scale representing the amount of time each user story will take to implement compared to other user stories (roughly on a scale from 1 to 10)
